

Hyphenation

There's Hy-dro-gen and He-li-um
Then Li-thi-um, Be-ry-lli-um
Bo-ron, Car-bon everywhere
Ni-tro-gen all through the air

With O-xy-gen so you can breathe
And Flu-o-ri-ne for your pretty teeth
Ne-on to light up the signs
So-di-um for salty times

Ma-gne-si-um, A-lu-mi-ni-um, Si-li-con
Phos-pho-rus, then Sul-fur, Chlo-ri-ne and Ar-gon
Po-ta-ssi-um, and Cal-ci-um so you'll grow strong
Scan-di-um, Ti-ta-ni-um, Va-na-di-um and Chro-mi-um and Man-ga-ne-se

CHORUS

This is the Pe-ri-o-dic Ta-ble
No-ble gas is sta-ble
Ha-lo-gens and Al-ka-li re-a-ct a-gre-ssi-vely
Each period will see new outer shells
While electrons are added moving to the right

I-ron is the 26th
Then Co-balt, Ni-ckel coins you get
Co-pper, Zinc and Ga-lli-um
Ger-ma-ni-um and Ar-se-nic

Se-le-ni-um and Bro-mi-ne film
While Kry-pton helps light up your room

Tin-cans, An-ti-mo-ny then Te-llu-ri-um and I-o-di-ne and Xe-non and then Cae-si-um and...

Ba-ri-um is 56 and this is where the table splits
Where Lan-tha-ni-des have just begun
Lan-tha-num, Ce-ri-um and Pra-seo-dy-mi-um

Neo-dy-mi-um's next too
Pro-me-thi-um, then 62's
Sa-ma-ri-um, Eu-ro-pi-um, Ga-do-li-ni-um and Ter-bi-um
Dys-pro-si-um, Hol-mi-um, Er-bi-um, Thu-li-um
Y-tter-bi-um, Lu-te-ti-um

Haf-ni-um, Tan-ta-lum, Tung-sten then we're on to
Rhe-ni-um, Os-mi-um and I-ri-di-um
Pla-ti-num, Gold to make you rich till you grow old
Mer-cu-ry to tell you when it's really cold

Tha-lli-um and Lead then Bis-muth for your tummy
Po-lo-ni-um, As-ta-ti-ne would not be yummy
Ra-don, Fran-ci-um will last a little time
Ra-di-um then A-cti-ni-des at 89

CHORUS (REPEAT)
